TAKING CARE

LIMPEZA E MANUTENÇÃO

O Inox é um material moderno pela sua estética e pelo seu brilho satinado que lhe confere uma aparência elegante e actual.

De elevada resistência à corrosão e de fácil manutenção, em que na maioria dos casos basta uma pequena limpeza periódica, com sabão ou detergentes suaves e/ou neutros, aplicados com um pano macio enxaguado em água morna, secando no final com um pano macio e seco, e nos casos mais críticos um detergente de limpeza e conservação específico para inox ou uma simples passagem de uma malha abrasiva como o “Scotch doméstico” no sentido da orientação do escovado.

Justifica-se a utilização de Aço Inoxidável, sempre que haja uma intensa utilização da mesma, como no caso de edifícios públicos, gabinetes, hospitais, escolas, centros comerciais, restaurantes, lojas, indústria naval, casas de banho, cozinhas ou simplesmente porque se gosta esteticamente do resultado.

PRINCIPAIS CUIDADOS A TER ANTES DA APLICAÇÃO DE PRODUTOS AÇO INOX

Armazenar em local seco antes da sua aplicação.
Garantir que a aplicação é feita após tratamento e envernizamento de todas as madeiras.
Após a aplicação não se devem utilizar substâncias ácidas, ou que contenham solventes, na limpeza dos pisos.
Evitar o uso de esponjas de aço, que riscam a camada passiva e originam novos pontos de oxidação.
-
Para mais informações, por favor, contacte-nos.

CLEANING AND MAINTENANCE

Stainless Steel is a modern equipment for its aesthetic and its satin sheen. To it confers an elegant and modern look.

High corrosion resistance and easy maintenance, which in most cases just a little periodic cleaning with mild soap or detergent and/or neutral applied with a soft cloth rinsed in warm water, drying at the end with a soft cloth and dry, and the most critical cases a detergent for cleaning and conservation of specific Stainless Steel or a simple passage of an abrasive mesh as the “Scotch Pet” in the sense of the orientation of the brushing.

Justifies the use of Stainless Steel fittings, whenever there is an intensive use of the same, as in the case of public buildings, offices, hospitals, schools, shopping centers, restaurants, shops, marine industry, bathrooms, kitchens or simply because people like the aesthetical look.

MAIN CARE BEFORE APPLYING STAINLESS STEEL PRODUCTS

Store in a dry place prior to application.
Ensure that placing the product is made after processing and varnishing all woods .
After the application you should not use acids or containing solvents cleaning the floors .
Avoid using steel sponges that scratch the passive layer and cause new points of oxidation.
-

TODAS AS PEÇAS APRESENTADAS NESTE CATÁLOGO, SÃO PRODUZIDAS UTILIZANDO COMO MATÉRIA PRIMA O AÇO INOXIDÁVEL (AISI 304).

O Aço Inox, é um material 100% reciclável, amigo do ambiente e isento de chumbo, não necessitando de qualquer tratamento químico para proteger a sua superfície, com elevada resistência à corrosão e de fácil manutenção.

Sendo um material moderno, com uma aparência elegante, correspondendo às necessidades técnicas e de design atuais.

ALL PARTS SHOWN IN THIS CATALOG ARE PRODUCED USING STAINLESS STEEL (AISI 304).

The Sainless Steel, as a 100% recyclable material, environmentally friendly and lead-free, doesn't require chemical treatment to protect its surface, with high corrosion resistance and easy maintenance.

Being a modern material, it has an elegant appearance, corresponding to the technical needs and current design.
